

Local Motives: Local transportation & equity initiatives

Heidy Persaud

*Director of Transportation Equity
CNT*

Creating Connections: Resilience & Equity in Transportation
Heidy Persaud, Center for Neighborhood Technology

Transportation Equity Network (TEN)

Untraditional Partners: represent interests of most vulnerable or underrepresented.

Fair Compensation: using grants and contracts (ex. CDOT & CMAP).

CBO Benefits: provide local support for project implementation and often “outlast” elected officials.

Resilience & Transportation

- Climate change impacts on BIPOC & low-income communities
- Environmental Justice Advocacy & Public Transportation

THE CITY OF CHICAGO
EQUITABLE TRANSIT-ORIENTED DEVELOPMENT (ETOD)
POLICY PLAN

Transit
Oriented
Development,
the next chapter:
centering equity
to **eradicate
disparities**
from the first
round. Not just
TOD. It's **ETOD.**

Chicago's eTOD Policy Plan

eTOD Definition: Equitable
Transit Oriented
Development

Benefits of eTOD:
Affordable housing,
lowered transportation
costs, small business
support, less VMTs,
mitigate climate change,
investment in BIPOC/LMI
communities
